“What's the ONE Thing you can do in your job search such that by doing it everything else will be easier or unnecessary?”

In the number one Wall Street Journal bestseller, Gary Keller has identified that behind every successful person is their “ONE Thing”. No matter how success is measured, personal or professional, only the ability to dismiss distractions and concentrate on your ONE Thing stands between you and your goals.

Have you ever been lucky enough to have one of those friends that always hold you accountable, even when it stings and you might not want to hear it? Pamela Minor, has made her mark by delivering high energy training, in a “straight no chaser”, kind of way. Pam has mentored and coached 100's of DoD Next Generation workforce professionals, and 100's of small business owners as a Procurement Technical Assistance Counselor.
